**PRODUCT DESCRIPTION**

Herman Miller AO2 6x8 and 8x6 cubicles with 62" high panels. Stations have a Box/Box/File pedestal and a 2-drawer lateral file. A 48" overhead binder bin with task light and tackboard and a 24" binder bin. Worksurfaces are 24" deep and consist of a 24x48 corner with a 24x48 and 24x24 returns. Power runs down the center spine panels and is connected to the building with a base-in power feed. Product is very clean and in good working condition. Paint is Medium gray (MT), panel fabric is a creamy/tan and the worksurfaces are off-white. Flipper door fabric is gold.

Flipper door fabric and tackboard fabric can be easily changed into another color that better matches your design.
