**PRODUCT DESCRIPTION**

These are very nice Haworth Enhanced Premise cubicles located in Dallas. Each used cubicle is 7X8 and 53" tall. Each cubicle comes with one 30" wide storage cabinet, one box box file unit and maple surfaces. These stations are very high end without the high end price point. We only have 15 of these so if you need a small number of cubicles I would urge you to act quickly to secure this load. We will space plan and design these cubicles into your space for free. Chat online today for quick answers.
