PRODUCT DESCRIPTION

We have over 500 of these in stock, ready to be refurbished to your specifications. All of these come with above surface power and data, one file file or mobile box file. The cubicles are 56" tall and have a brand new 72" work surface. We can customize the paint colors, work surface colors, fabric colors and more.

Pricing listed includes all / any customizations.

All new panel fabric is stretched and glued onto the substrate for maximum durability and the paint is applied with an electrostatic paint gun to insure scratch resistance and proper adhesion.

Knoll Currents are known for being the Lamborghini of cubicles. They are some of the most expensive and sought after cubicles on the market. If you're looking to customize an ultra high end cubicle for your office at half the cost, this is your chance. Contact us today to start customizing your cubicles.
